THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D.C. 20505

National Intelligence Council

20 August 1982

MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

FROM : Chairman, National Intelligence Council

SUBJECT : Weekly Report for 16-20 August 1982

I. DCI/DDCI-Assigned Tasks

-- NIO/NESA provided talking points on the Lebanese crisis for A/DCI's meeting with Judge Clark. []

25X1

II. Interagency Papers

-- Poland. Secretary Shultz has asked for a NIE on "Whither Poland." Specifically he'd like an update on the relationship between Jaruzelski and Moscow, whether Jaruzelski will move toward some liberalization and the prospects for Solidarity and upheaval. NIO/USSR-EE has been working with Hugh Montgomery--State is providing the drafter--and we're shooting for completion on or about 30 August. There is likely to be some difference of opinion in the Community on how much freedom Jaruzelski has and what his intentions are. []

25X1

-- Mexico. Responding to the strong interest of the A/DCI and the NSC, we have initiated a fast-track SNIE on the implications of Mexico's current financial mess. (This will not preclude a more comprehensive assessment of where the country is going under de la Madrid somewhat later.) We hope to have the SNIE ready for NFIB by the first or second week of September. []

25X1

-- INF. The NSC has requested a paper on the prospects for deployment of the Pershing IIs and GLCMs. You will recall that we were just beginning work on our own hook on this subject. At the suggestion of [] we have expanded the coverage of the paper to include the question of "What the Soviets will do if deployment goes forward?" TOR meeting went very well and we hope to have the paper completed the second week of September. []

25X1

-- NIO/GPF visited Andy Marshall to discuss the "lessons learned" studies on Lebanon and the Falklands. He is preparing a memo for you on this.

-- Acting NIO/WE attended the first meeting this morning of an informal watch group chaired by Richard Burt at State on INF-related developments over the next year.
